

Verde Prime is a unique range of short pile coloured artificial grass. This selection of colours is designed to open the door to a variety of applications that require bright, eye-catching materials.

With a pile height of 10mm Verde Prime is made with a polyethylene monofilament curled yarn with a tightly tufted construction. This allows versatility for domestic & commercial applications.

Applications

Adventure Golf • Crazy Golf • Target Greens • Home Putting Lawns • Patios & Balconies • Conservatories • Display Areas
